Price:

I want to sell my tickets for \$  per ticket as a fixed rate.

I would like to sell my tickets for \$  per ticket BUT I am willing to sell my tickets for a minimum of \$  per ticket.

New Feature! This feature will increase your chance of selling your tickets.  
 • How this works: We will start the sale at your starting price. Everyday your tickets do not sell, we will gradually decrease the ticket price to your minimum.

**Splits:**

Allow tickets in only multiples of  to be sold to separate buyers, but don't allow  a quantity of tickets less than the above number to remain.

• for example, if you have 5 tickets and you opt to sell quantities of 2... selecting DONT ALLOW will sell 2 tickets to one buyer, and then 3 to the next, and will disallow the sale of 4 tickets. Selecting ALLOW will allow the sale of 2 tickets to one buyer, 2 tickets to another buyer, and will leave 1 ticket available for another buyer. It will also allow 4 tickets to be sold to one buyer, leaving one ticket available.
